

TO: Congressional Subcommittee on Transit and Infrastructure
Subject: Letter of Support

We are writing to express our support for the \$10 billion National Experiment in Colorado, introduced by Bingham Labs. They have requested our endorsement for their application for a \$3 million grant to evaluate the feasibility of their financial models and initiate a public dialogue on the merits of this groundbreaking initiative.

We firmly believe that advancements in transportation, water, electricity, AI data centers, and carbon capture are critical for America's growth and for addressing essential human needs. On this date, _____, 2025, our team formally supports Bingham Labs' grant application. Depending on the outcomes of the evaluation study, we may also consider becoming more involved in the future.
