

# Subscriptions

Bingham labs will offer free use of the “Inside Story” until we get it better organized. At some point in 2026, we will offer a Personal Assistant Tablet for use of the Inside story. The first year will cost \$100 per month and provide all the technology our Tablet offers plus the up-to-date business information developing in the files of the Inside Story including proposals, grants and podcasts. This fee will provide a tablet, software selected by the user and one year of training on how to use it.

## Subscription per month per User

### \$30 per month for Training

- \*\$20 to Xfinity for 1 year of podcasts
- \* \$10 to Bingham Labs for curriculum

### \$7.5 per month to Bingham Labs
